## angle seat valve VZXF-L-M22C-M-A-G2-450-M1-V4V4T-50-4 Part number: 1002522

## **Data sheet**

| Feature                                  | values   |
|--|--|
| Design structure                         | Poppet valve with spring return                          |
| Type of actuation                        | pneumatic  |
| Sealing principle                        | soft   |
| Assembly position                        | Any  |
| Mounting type                            | Line installation  |
| Process valve connection                 | G2   |
| Nominal diameter DN                      | 50   |
| Nominal size                             | 45 mm  |
| Valve function                           | 2/2 closed, monostable                                   |
| Flow direction                           | non reversible   |
| Medium pressure                          | 0 4 bar  |
| Nominal pressure of process valve        | 40   |
| Exhaust-air function                     | not throttleable   |
| Type of reset                            | mechanical spring  |
| Type of piloting                         | With external control                                    |
| Pneumatic connection                     | G1/8   |
| Operating pressure                       | 6 10 bar   |
| Medium                                   | Vapour   |
|  | Inert gases  |
|  | Filtered compressed air, degree of filtration 200 μm     |
| Operating medium                         | Compressed air in accordance with ISO8573-1:2010 [7:4:4] |
| Max. viscosity                           | 600 mm2/s  |
| Medium temperature                       | -40 200 °C   |
| Ambient temperature                      | -10 60 °C  |
| Flow rate Kv                             | 34.5 m3/h  |
| Materials note                           | Contains PWIS substances                                 |
|  | Conforms to RoHS   |
| Materials information, housing           | Stainless steel casting                                  |
| Material number for housing              | 1.4408   |
| Notes on materials for drive head        | Stainless steel  |
| Information on materials, spindle washer | PTFE   |
| Information on materials, seat seal      | PTFE   |
| Product weight                           | 3,500 g  |
| CE mark (see declaration of conformity)  | to EU directive pressure devices                         |
| Corrosion resistance classification CRC  | 3 - High corrosion stress                                |
